Location : Cairo, Egypt

PROFESSIONAL SUMMARY

Front-End Developer with hands-on experience building responsive, dynamic, and interactive web applications using HTML5, CSS3, JavaScript (ES6+), React.js, and Bootstrap 5. Experienced in building reusable React components, implementing React Hooks, managing props and state, rendering dynamic data, and developing responsive interfaces across desktop, tablet, and mobile devices. Familiar with REST APIs, JSON, Git, GitHub, React-Bootstrap, Framer Motion, and modern UI/UX principles. Focused on writing clean, reusable, maintainable code and creating consistent user experiences.

EDUCATION

Ain Shams University

Bachelor of Science in Physics and Computer Science

2024 – Present

TECHNICAL SKILLS

Frontend Development:

HTML5, CSS3, JavaScript (ES6+), React.js, React Hooks, Bootstrap 5, React-Bootstrap, Responsive Web Design, Component-Based Development, Reusable Components, State Management

Web Development:

DOM Manipulation, REST APIs, JSON, Dynamic Data Handling, Client-Side Development

Version Control & Tools:

Git, GitHub, VS Code, npm, Cloudflare Pages

UI/UX & Animation:

UI/UX Design, Figma, Adobe XD, Framer Motion, CSS Animations, Mobile-First Design

PROJECTS

Electronics Store — React.js & Bootstrap 5

GitHub: github.com/zeyad-badr-cell/electronics-store

- Developed a dynamic and responsive e-commerce website using React.js and Bootstrap 5.
- Built reusable React components for products, categories, navigation, banners, and interactive sections.
- Implemented dynamic rendering of products and categories using React and JavaScript.
- Designed responsive layouts optimized for desktop, tablet, and mobile devices.
- Integrated Framer Motion to create interactive animations and enhance user experience.

Car Services Website — React.js

GitHub: github.com/zeyad-badr-cell/car-services-website

- Developed a responsive car services website using React.js.
- Built reusable components and implemented dynamic content using React props and state.
- Created responsive layouts for different screen sizes.
- Implemented interactive UI animations using Framer Motion.
- Deployed the project using Cloudflare Pages.

To-Do List — React.js

GitHub: github.com/zeyad-badr-cell/zeyad-badr-to-do-list

- Developed a dynamic To-Do List application using React.js.
- Implemented component-based architecture and React state management.
- Created an interactive and responsive user interface.
- Used Git and GitHub for version control and project management.

Music Player — JavaScript

GitHub: github.com/zeyad-badr-cell/Music-player

- Developed an interactive web-based music player using HTML, CSS, and JavaScript.
- Implemented audio controls including play, pause, volume, playback speed, and track management.
- Applied DOM manipulation and JavaScript event handling to create interactive functionality.

Weather App — JavaScript

GitHub: github.com/zeyad-badr-cell/weather-app

- Developed a responsive weather application using HTML, CSS, and JavaScript.
- Implemented dynamic weather data handling and API integration.
- Created a responsive interface for displaying weather information across different screen sizes.

Dashboard — HTML & CSS

GitHub: github.com/zeyad-badr-cell/Zeyadbadr-Dashboard

- Developed a responsive dashboard interface using HTML and CSS.
 - Implemented interactive UI elements and responsive layouts.
 - Applied modern CSS techniques to create a structured and user-friendly interface.
-

PROFESSIONAL EXPERIENCE

Front-End Developer — Personal Projects

2024 – Present

- Developed **6+ responsive web projects** using HTML5, CSS3, JavaScript, React.js, and Bootstrap.
 - Built reusable React components across multiple projects, improving code organization and maintainability.
 - Applied React Hooks, props, state management, and component-based development to create dynamic user interfaces.
 - Used Git and GitHub for version control and project management.
 - Implemented responsive and mobile-first designs across desktop, tablet, and mobile devices.
 - Deployed web applications using Cloudflare Pages and maintained publicly accessible project builds.
 - Continuously improved front-end development skills through practical projects and self-directed learning.
-
